ACT - 38 The Ended Summer

Belt Creek,  
the world's number one explorer

I have  
heard about  
him...

Possesses the power  
to reconstruct  
anything...

Even though  
he's the world's  
greatest  
microscopist...

I'm the world's  
number one  
computer  
"specialist"

And who are  
you,  
Barrydon?

he still needed  
me this time

Hm?

He's called Flard,  
also an explorer

Really...  
and who's he?

The world's  
number 2  
explorer

He?

I wanted  
to see...  
what this so  
called paradise  
is like...

Didn't I tell  
you to wait  
on the other  
side?

Hey!

Why are  
you here?

Hena, we can't waste time anymore—

No matter where it is...

I'm happy you can come, you're always welcome here

Father...

This... well...

There're also  
a lot of friends  
here...

This is  
my everything,  
everything I  
wished for is  
here...

...all these new  
friends and  
I'm still...

They're the first  
time to visit  
this world as  
well.

There is only  
the desert and  
the burning  
sun out there

I don't  
want to  
go back

Come with  
us.

There'll come  
a time when  
we'll leave...

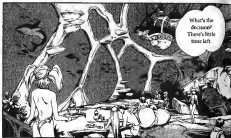

But your father  
is there waiting  
for you

To this  
paradise.

I believe that  
he'll come...

What's the  
decision?  
There's little  
time left.

We'll have to  
use force.

Hey, wait!  
I thought you  
don't eat normal  
food!

How come...

oh!  
which is you  
tree's job?

Stop!!

Get  
Away  
!!

Waaaa  
ahhh!

Just Wake  
Up Now!  
Hard...

But it help  
you end that  
nightmare,  
didn't it?

Damn hard!  
How can  
He shoot me!

Haha ha!  
A real pity!

Regrettably,  
machines  
can't dream

Fight! You should be  
the one he shoot!

Junko!

She's not  
willing to  
come back!

Man, that  
girl...

Mama...

She's even more  
rebellious than  
Eurydice!

She still hasn't opened  
her psychological "door".

she has sealed herself  
up—

Oh no, I was—

too careless.

it's going  
into a loop,  
forever expanding  
the "paradise"—  
it's reaching a  
separated state

This computer  
has reached the  
physical limit  
of its processing  
power and resources.

There is no  
body here  
for you.

Can we tell  
Bede that?

The only  
"road" out of  
there!

Yuna's  
body?

That! This has  
to be her "door"!

"tap tap"  
"tap tap" "tap tap"  
"tap x 2"

I'll try!

That's why I  
have this power  
and this ticket!

I already received  
a body of machine  
from Stella.

"beep"

BEET  
BEET  
BEET

BEET  
BEET  
BEET

"tap"

That's why Yona's consciousness was left inside this computer...

But she failed...

It isn't so...

10 years ago, Stella planned to transfer Yona's personality into a machine's body...

her body was unchanged, but her mind was growing up...

The ten years she was inside the virtual world...

It's all my fault!

When I participated in Stella's experiments...

Yes...

Even the data shows that Yona is an adult now.

What for?

You entered into this world, to try to and materialize my soul...

NO,  
Tora!

You won't succeed.

A  
paradise

What did you  
say this place  
is?

Penny.

I'm not alone.  
there're many  
friends here.

ゴッゴッ

You know right  
from the start  
that you're the only person  
here, isn't that so?

Not  
Don't  
Get!

Want to  
Come  
with me  
!

I'm  
scared  
I don't  
want to  
be alone

Afraid!

Not so...  
you can.

Not...  
I can't  
go...

Yes...

Daddy,  
you're hurting  
me...

A dream that  
lasted 30  
years

No... Yuna was  
only dreaming

But shouldn't  
her personality  
be all grown up?

Even though  
it's good that  
she can  
recover...

Bob!  
Don't waste  
any more  
time!

Find Stella  
and "take care"  
of her!

What!? You little  
bastard! You don't  
have to follow us!

Shut up—I  
You don't need to  
say the same thing  
over and over  
again!

not an easy task.

But,  
to be able to  
connect Yona,

As to how it  
does that,

I have a feeling that  
you know very well.

And this device  
that you brought,  
able to recover data and  
transfer the memories  
back...

You're  
right.

Hold!

Do you plan  
to stay here  
forever?

Vacation's  
Over.

Mom...  
My mother  
betrayed me and  
my father...

But...  
I didn't want  
to kill her

I couldn't  
control my  
powers...

ACT - 39 CAGED BIRD

I could never understand...

Why didn't I die...

but I didn't die...

I was sure I pulled the trigger...

Shadows  
enough...  
Don't say  
anything...

And after I regained  
consciousness,  
you were by my side...  
you gently accepted  
me...

this was  
already  
ten years ago

Hino?

Shilla,  
to know why I  
didn't die,  
is there only

It is

You want us  
to help  
Shadow?

You know that  
I can read minds,  
right?

Shadow will  
destroy himself

So that's  
why you  
would  
hire us!

Yes, Of Course!  
Quite a special  
power!

He was stepping  
on a path to  
destruction...

I felt  
that...

To see  
Shadow left  
etc...  
when he left...

Stella is  
more  
important!

It doesn't  
matter to  
me.

If Shadow dies,  
then the reward  
is gone!

Do you know?  
We've already  
arrested him  
once before!

We haven't  
gotten the  
reward yet  
too!

Why  
here  
and!

I can feel  
it.

But, I believe  
that only you  
can do this.

Why...

Why...

Because  
I can't  
read your thoughts,  
this makes  
me feel lighter!

but I think that she wants to have... the data of the "plan" spread throughout the world.

The "Secondary Plan"... even though I don't know what does this accomplish.

What does Stella want to do anyway?

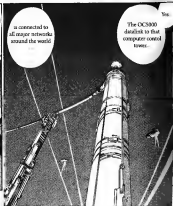

Using the "net".

What a bunch of drivel!

Annoying!  
You two really know how to talk crap.

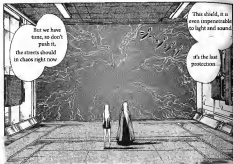

is connected to all major networks around the world

The OCS800 datalink to that computer control tower...

Yes.

That shield, it is  
even impenetrable  
to light and sound.

But we have  
time, so don't  
push it.  
The streets should  
be chaos right now.

It's the last  
protection.

In the end,  
you are the  
only one  
I can rely on.

We did a lot  
of preparations  
for this "Second  
Flux".

but I've ruined  
them all.

Because I'm  
"immortal".

You

but Leon  
thwarted that  
plan

10 years ago,  
you wanted to  
turn the whole  
world into robots.

This is all for  
me and Leon

Right.  
That's why we  
have to execute my  
"Second Plan".

Aren't you  
satisfied  
with that  
?

What?  
You are my  
faithful  
servant...

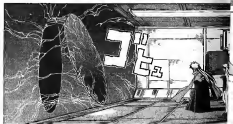

True.

But there's  
no life...

Because I've  
already fallen  
in love with you.

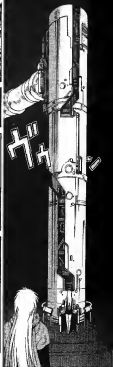

Very  
dis-  
satisfied.

I know,  
I even know  
about my mother's  
lover...

That the one I  
love has always  
been Leon...

You should  
know,

Aren't humans  
just like that?

But still, I couldn't  
help myself  
that day...

If I am still  
human...  
Then I'd...

#11/17

You...  
what're you  
doing?

Up until now,  
I've always  
followed your  
wishes...

You should've  
detected this  
earlier...

You're a  
genius at  
robotics...

It's too strange...  
I lost my  
memories...

All I could  
remember was that  
I killed my  
mother...

to push Leon  
to the edge, to  
make him return  
to you...

he Leon's  
shadow...  
use his name to  
kill...

Why do I  
kill ...  
For whom...  
what...

Right from the  
beginning,  
I may've already  
forgotten who I  
am ...

But he is not  
such a simple  
man...

Yes!  
I was too  
naïve!

You've  
changed...  
A pity!

just like my  
"rascally"

That's why I  
want to end...  
my one and only

I Have changed,  
but it is not  
pity, it is  
Madness...

I'm just  
malfunctioned

This kind of power  
is not something  
that machines  
can create

Love, without a  
doubt...  
This didn't  
really seem  
to be faked

that time

oh—  
yes...

Shadow?

To think that  
he's a robot  
himself...

*A foolish  
man.*

Stella!  
She's in the  
network!

Come,  
I'm here

Why?  
Why do you  
have to do  
that?

Everything is  
for us, Leon!

Why?

Now you can't  
leave here.

Now  
Humbles

I'm Bolt,  
Bolt Greed.

Nowhere.

If the second plan  
can be completed,  
then I can be with  
you forever.

Where did you  
want to go?

Forever.

What did  
you do?

But she shouldn't  
be able to get  
out of the local  
network...

She  
moved  
...

...and  
she was out  
finally...

Don't  
worry

I'll stay with him  
eternally...  
until the end...

BAR

"Idar"

"Soun"

"SEEDOP"

"BOD"

That disc recorded Stella's personality

In this city, once online,

It can be said that it's Stella's domain...

Can you tell me about that in detail?

We should finally be able to kill her!

But Stella can't leave this local city network.

"That Man" ?

And we both can finally finish the job that "that man" gave us...

★

ACT—40 MULTIPLY

Uh...  
Superintendent...

Our machines has been  
producing automatically  
since last night.

Morning!

So noisy  
today!

What?

And we can't  
stop them.

Last night, the main  
computer here  
had a critical error...

Maybe that's  
the reason...

Superintendent...  
our machines  
were producing  
androids...

I recorded a lot  
of Bolt's stories

Yeah, I'm Doh

Me and Bolt are  
old friends

Journalist?  
I?

I'm not a snake!  
I am—  
Terriblest!

Oh you, Bolt...

Just  
what is this snake!

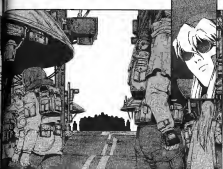

Maybe you can  
tell me the reason  
for that

Not too busy now?

Bolt

Bewildering!

She has begun  
replicating herself

According  
to my information,

There're 31 total.

She can't leave  
here thru the  
network, so :

she's using  
robot replicas  
to move the  
data.

Now  
both systems  
!

I'm one of  
the Stellas...

If I can get out of here,  
then I can finish my  
second plan!

Don't stop  
me anymore.

Leave

Do you need  
"help"?

You don't need  
to pay me

Help me bring  
the girl back  
to her father

Eh?

No,  
I'll pay.

That is my  
Request.

Bring her out  
of here ASAP.

But,  
hey—

Hehehe!  
Now it's  
your turn to  
bother  
some person  
!

No, I won't!  
I—  
I came here  
to see Bold!

*Lena!*  
*Please stop!*

*The*  
*second time*  
*can...*

*If I can complete*  
*my lesson! I'm*

*You definitely*  
*will fall in love*  
*with me. I*

*change  
me into  
a human  
....!!*

What  
....!?

*But I was  
not content*

*Even, do you  
still remember  
30 years ago, when I  
was created as a  
mechanical' robot.*

*No, that's not it!  
'You don't  
understand!*

*It's for all for you,  
I wanted to  
mechanize the world  
because I wanted  
to stay with you  
forever!*

*That so,  
I have a feeling  
that,*

*a bit selfish...*

How  
Troublesome

All this  
it's all for  
you!

Intended to change  
Me... into  
Fish and blood

That's why I  
prepared a  
Second Plan

Because you  
would never grow  
old...

There's no need  
to change. The

Because you  
were trying to  
find a body  
suitable for you!

Now I understand...

The bodies inside  
the Shells... are  
kept...

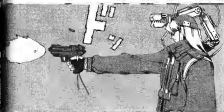

*So please...  
I implore you...  
Don't stop me...*

*That's only  
I WILL  
become  
human...*

*Because it is impossible  
for you to fall in  
love with the robot  
me...*

*Right?*

But you  
..!

I...  
I particularly  
Come to See  
You!

Bolt!  
You're too  
crazy!

So that's it...  
—  
so the matter  
is like this—

Just exactly  
why does she  
wants to be  
Instructor?

You've taken  
care of all  
the Stellas?

Boh...

Just what is your  
relationship with  
her?

I have no  
need to  
tell you  
that.

...Foolish  
Explorer.

Có vẻ...  
 nó là máy  
 nhìn.

đó là  
 ...  
 là  
 là  
 là  
 ...

trông  
 là  
 là  
 là  
 là  
 ?

even though I  
can't remember  
where it was...

17 years ago,  
the first time  
I met you...

17 years ago,  
the first time  
I met you...

ACT—41 DOLI

So Stella was  
originally a  
recreational  
gambler...

But because she  
wanted to be with  
Bolt for an eternity,  
she wanted to robotize  
the world...

Bolt's been  
fixated by a  
mad woman's  
frenzy...

But, she  
was instead  
stopped  
by Bolt...

Becoming  
a journalist  
just so that  
I can find them...

Mad women...  
Make 'em one  
too...

and he

No...  
I have no rest!

No wonder  
Bolt think  
I'm a bother!

I'm just the  
same as  
Socila!

He wants to  
purge Socila  
from the system  
completely.

Going after  
Socila.

Where is  
Bolt now?

He won't  
need your  
help.

That should  
be MY area  
of expertise.

To finish the job Bolt gave me of course.

Hand,  
from now on,  
what do you  
plan to do?

What about  
me?

Hand!

Bring Bolt back  
to her father,  
then come back to  
this city.

Father,  
need my  
help?

!

There is no turning  
back now.

Leon

This way, she  
will find out  
what our  
relationship  
was

Baron  
couldn't

What was  
that?

Um—

You sure take  
your work  
seriously

Found  
out  
anything?

It's a  
Secret

News Reporters  
don't give away  
important info  
that easily.

What did  
you found  
out?

No matter,  
you don't have  
to say anything.

Lib

Because the  
one who supplied  
the data to you...

is me

Stella!?

Don't worry,  
we won't hurt  
you.

Where the  
hell did  
she go?

Damn!

I love Leon...  
deeply...

Did you see it?  
Me and Leon's  
relationship...

It's to  
stay with him  
for an eternity,

that I had  
to reexamine the  
whole world...

Why're you  
telling me  
that?

If I succeed,  
Leon will surely  
lose me...

That's why I  
want to become  
human...

But Leon  
stopped me  
continuously.

Because  
You're...

ME.

I don't  
know.

You should know  
why I have to  
enter the  
world networks.

right, Leon?

It is to find  
"Myself"...

I never thought  
that she'd come  
find me herself.

Now, I  
finally  
found her.  
She is  
already  
in my  
grasp...

*After you wake,  
you will become  
me*

Then the  
Second Plan  
is finished.

**It's not  
Possible!!**

that's not  
True...

No...

I should say  
that it's the  
Strike inside of  
you.

Because  
you're deeply  
in love with  
him.

Think  
carefully.

why did you  
choose Leon...  
even for this  
place...

Why?

You have to  
stay here,

until she  
"wakes up".

Don't  
try to  
resist.

She won't be  
resurrected.

I've already  
made a new  
one.

But don't  
worry.

Right.  
You destroyed  
the device that  
will "awaken"  
her...

No!!

I'm really happy to  
see you...  
Let me see how my  
body have become  
since all these years

I am  
Doh!!

NOT  
STELLA  
!!

NO!!

You're going to  
turn into me...  
right now.

Up and  
now that  
is

Near...  
But this time,  
I won't let you  
destroy it again

Where is  
the device?

What part is  
whole longer,  
Leon...

I'll become  
human for you  
right away.

Where  
you're  
right now!

So you  
finally  
said it.

Leon!!

Near...

That is  
my line

Stop  
this  
!!

Ladies  
first

Why shoot  
me first?

Disposable  
things

Then it is  
that girl...  
Dot...  
kill her too...

Stella's  
original  
personality  
must be  
near!!  
Let's search  
and destroy  
her!!

KILL  
DOLI  
!!

I am...  
Sasha...?

12 years ago...  
I was living  
together with  
a lot of  
children...

Thanks,  
every-  
one!

That soldier  
and the  
tank is a  
set!

Dad! Where  
are you going?

Bring a ball  
to play with!

I'll give  
you the  
tank next  
time!

Everyone...  
— did they  
all  
become  
Sashas...?

Was that  
Sasha's  
research  
facility?

## ACT—42 Another Shadow

Tell us

That's no  
tree for  
that.

'You  
die'

What is Dole?

Who have to  
kill her!

The one  
who have  
to kill Dole  
is Doll!

Happy!

This isn't  
right!

And My job is to  
"bring Dolls back to  
her father"

Don't make  
too much  
out of it!

My job is to  
"make Bolt  
kill Doll"

Don't  
blame  
me

I'll kill you  
just the  
same

if you interfere  
with my work

Even though  
you're my  
lover,

Loyal and  
Dedicated.

What  
loyalty and  
dedication?

What a bunch  
of bullshit!

Ha  
Ha  
HA  
!

Hehe,  
hehehe

But

We really Can't  
let her live!

Kill  
Her  
!!

You know  
that Doh is  
Stellar!

So you intentionally  
let her escape,  
didn't you?

Kill me

But before that  
can you tell  
me one thing

Are you  
Lucy?

I will never  
forgive  
Sella...

A Friend?

It saves me  
trouble!!

Then just shut  
up and kill her  
already!!

Hahaha  
!!

You stay  
here.

Seals  
right!

Who Are  
you...?

a lot of innocents  
were sacrificed.

I once helped  
Stella's research.

Live.

Forgive me,  
Dad.

I can't let  
you...

What's the matter?

Are you crying?

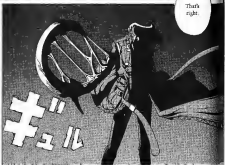

Fool!

Why would I cry!

.....  
!!

I have a  
Feeling

How did you  
know I was  
crying?

Long time  
no see,  
Annie

Oh,  
scaly!

I once investigated  
why you were at  
that research  
facility...  
so that's why—

That laboratory  
was founded  
to develop a  
way for Sella  
to become human.

For this research,  
innumerable  
children were  
sacrificed...

There were  
7 scientists  
total...

and all the test  
subjects were  
children...

...And me  
and Dola  
were also two  
of the test  
subjects...

Stella did a lot  
to make it  
possible for  
you to lose her...

As long as the body  
condition is right,  
no matter if it's  
boy or girl, no one  
escaped her...  
merciless  
research...

I originally  
thought that  
Doh died  
as well...

Back then,  
almost all  
my friends  
died...

But, in the end,  
the only one who  
saved Stella was  
Doh...

Lena fall in  
love with me

Don't test  
my patience

I want to become

as possible
